

clino® XL

The customised standard hoist for heavy cases

The expansion of the range of hoists on offer to include the XL format also applies to this, the more stylish of the aks standard hoists. Especially in institutions, the number of heavy patients is increasing and therefore the demand for correspondingly powerful aids.

The advantages of the clino® XL:

- Increased motor power for reliable and fast lifting and lowering
- High-quality drive components
- High-quality castors with thread protection and excellent rolling ability, easy manoeuvring
- Can be easily folded and transported without tools
- Effortless take-up of persons directly from the floor
- Ergonomic grab handle (picture 1)
- Ergonomic hand control
- Mechanical spreading of the chassis per foot lever
- Highly stable thanks to robust construction
- Low ground clearance, also suitable for aks scissor beds
- Max. load capacity 185 kg

Options and accessories

- Battery pack with separate charging station on the wall
- Many hoist slings, various spreader bars and hoist scales
- Electric spreading of the chassis per manual switch (clino® e XL)
