

foldy® mini

The small original that is really big

The compact standard hoist, foldy® mini, was developed as a mobility aid designed for easier transportation and for use in smaller rooms. Like its big brother, it can be used at home, in hospitals, care homes and residential homes.

The advantages of the foldy® mini:

- Ideal for small rooms and narrow doors
- For smaller individuals and children
- Can be easily folded and transported without tools
- Optimal travel companion, easy to stow
- Easy, uncomplicated handling
- Convenient handling with large buttons
- Mechanical spreading of the chassis per foot lever
- Highly stable thanks to robust construction
- Low ground clearance, also suitable for aks scissor beds
- Independent of the mains power supply due to battery-powered operation
- Effortless take-up of persons directly from the floor
- Max. load capacity 150 kg

Options and accessories

- Battery pack with separate charging station on the wall
- Many hoist slings, various spreader bars and hoist scales
- Electric spreading of the chassis via manual switch (foldy® e mini)
