

foldy® XL

The original in an XL format

In order to achieve an increased maximum load capacity of 185 kg, the stability and robustness of the construction have been adapted accordingly. This also applies to the dimensions and the power of the motor.

The advantages of the foldy® XL:

- Increased motor power for reliable and fast lifting and lowering
- High-quality drive components
- Can be easily folded and transported without tools
- Easy, uncomplicated handling
- Ergonomic grab handle (picture 1)
- Effortless take-up of persons directly from the floor
- Ergonomic hand control
- Mechanical spreading of the chassis per foot lever
- Highly stable thanks to robust construction
- Two castors that can be locked; all castors have thread protection
- Low ground clearance, also suitable for aks scissor beds
- Max. load capacity 185 kg

Options and accessories

- Battery pack with separate charging station on the wall
- Many hoist slings, various spreader bars and hoist scales
- Electric spreading of the chassis per manual switch (foldy® e XL)
