

aks theraplot

Scientifically developed,
clinically tested and practically
implemented

UP TO
GRADE III
EPUAP

Our bestseller that optimally satisfies all requirements.

The advantages of the aks theraplot:

- Particularly well-suited for cachectic patients and for pain therapy
- Large support area made of soft, pink foam
- Adapts perfectly to the body profile and provides maximum support area
- Best pressure relief classes
- The cube-shaped, green middle layer favours the microclimate
- Due to three graduated, different compression hardnesses, this mattress is suitable for a patient weight of 35 to 150 kg
- Optimum adjustment of the mattress to four-section lying areas using three recesses
- Edge zone reinforcement on both sides for support of the mobilisation of the patient
- Suitable for re-use
- Optional: Mattress extension (20 cm) to accommodate larger patients
- Upon delivery, mattresses are covered, vacuumed and rolled
- incl. inkoair® mattress cover is fire resistant after Bs7175, section 3 (Crib 5) and certified according to OEKO-TEX® standard 100 (product class 1), it is free of latex, bi-elastic and washable up to 95 °C
- Mattress available in 90 or 100 x 200 x 17 cm

Patient weight 35-150 kg

For decubitus prophylaxis and therapy support up to and including Grade III (acc. to EPUAP)
